# REPORT OF SCHOOL BOARD

—OF THE—

TOWN OF WARREN FROM MARCH 1 TO AUG. 1, 1895.

---

Eight schools have been maintained in town for one term during this period. Seven of the schools had ten weeks, and one a term of eight weeks. In No. 1, (Clough district,) the attendance was very regular and the school showed a very satisfactory advancement in the studies pursued. Miss Grace E. Morse, the teacher, gave the school her full energy and received the approbation of the district.

## NO. 2—GRAMMAR.

For this school, taught by Miss Burrille, we have only words of commendation. Good progress in all branches. Closing examination very satisfactory. The presence of a good number of parents and others at the closing exercises was an agreeable feature.

## PRIMARY.

This school, under Miss Alice Bartlett, showed, as usual, that the pupils were pleasantly yet firmly held to their work, and made good advancement.

## NO. 3—EAST WARREN.

This was Miss Stickney's second year with the school. There were faithful labors by teacher and pupils, but the full benefit of those labors were, probably, not realized, on account of the prevalence of sickness among the pupils, one of whom died before the close of the term. The illness of the teacher shortened the term two weeks, so that the closing examination was not held.

## NO. 6—SWAIN HILL.

School was taught by Miss Blanche Annis. Although this

was Miss Annis' first term of teaching it proved a success. Most of the school is of primary grade. Spelling received its due share of attention and the recitations in mental arithmetic and geography showed persistent and thorough drilling.

#### NO. 7—WARREN SUMMIT.

School was taught by Miss Belinda I. Batchelder, who has been a successful teacher in town for three years. The school made good improvement in the studies pursued, and a very desirable one in its deportment.

#### NC. 8—ORE HILL.

School was taught by Miss Mary A. Bowen. The attendance was irregular with a part of the pupils, owing in part to sickness and to the long distance some of the pupils have to walk. Miss Bowen was very systematic in her work and the regular attendants made good progress.

#### NO. 9—FOOTE DISTRICT.

This was Miss Kittredge's first school. The prominent features were good order, very regular attendance by most of the pupils and unusual thoroughness in all branches which were studied, showing good judgment on the part of the teacher and real work by all, even the youngest classes.

The whole number of pupils on the roll of perfect attendance is as follows: No. 1, Liefia Z. Clement, Glenn C. Clement. No. 2—Grammar, Nettie Merrill; primary, Emmons B. Kerr. No. 6, Ai Otis Merrill. No. 7, Vernie Tibbetts, Blanche Whiting, Ida M. Fifield, Ernest Badger, Dale Badger. No. 8, Loren J. Ash, J. Ralph Goodwin. No. 9, Blanche Kelley, Emma J. Perry, Lillian Gale, Amos F. Libbey. Total, 16.

Whole number boys attending school, 55; girls, 66. Total, 121.

Average attendance, 94. Average wages of teachers per month, \$24 1-8.

The census of the pupils in town between the ages of five years and sixteen years, boys 64, girls 67. Total, 131.
